The screenshot shows the 'New Contact' form in the 'My Contacts' app. The form is divided into two sections: 'Personal information' and 'Work information'. The 'Personal information' section includes fields for Name, Email, Phone, and Address. The 'Work information' section includes fields for Company, Job Title, and Department. A 'Save' button is at the bottom.

Privacy User

The screenshot shows the AWS IAM console interface. At the top, the 'Groups' tab is selected. Below the navigation bar, the 'Groups' section is active, and the 'New group' button is highlighted. The 'Create new group' wizard is displayed, with the 'Name' field containing 'group1'. The 'Permissions' section is expanded, showing the 'Attach new policies' step.
